Title: 02 Materials Management Policy

Purpose

The purpose of this policy is to provide direction for the effective and efficient management and operation of the Stockroom and City salt, sand, gas and diesel fuel inventories.

Policy Statement

3.1 Receiving All Items

Stockroom Employees shall follow the procedures for receiving items in the Materials Management Procedures.

3.2 Issuing Inventory Items

Stockroom Employees shall follow the procedures for issuing Inventory Items in the Materials Management Procedures.

3.3 Procurement of Inventory Items

Inventory Items shall be procured in accordance with applicable legislation and the Materials Management Procedures. Where there is a conflict between the legislation and the Materials Management Procedures, the legislation shall govern.

3.4 Inventory Control

- a) Changes to minimum and/or maximum Inventory Item levels, Inventory Item

monitoring, and measurement and monitoring of sand, salt, and gas and diesel inventories shall be completed in accordance with the Materials Management Procedures.

b) An annual count of all Inventory Items in the Stockroom shall be completed in accordance with the Materials Management Procedures.

c) The Materials Supervisor shall notify the Supply Chain Manager and Manager, Financial Services, at least two weeks in advance of the annual inventory count.

d) The Manager, Financial Services shall notify the City's external auditors at least two weeks in advance of the annual inventory count.

e) Notwithstanding the foregoing, spot checks of Inventory Items may be made without notice.

3.5 Stockroom Access and Security

The Stockroom shall be secure at all times, with only Stockroom Employees, Materials Supervisor, Supply Chain Manager, Garage Buyer, and Inventory Buyer having access. All other Employees and individuals shall be escorted if they require access to the area.

External delivery providers shall follow the direction of Stockroom Employees.

3.6 Review of Surplus Inventory Items

The Materials Supervisor shall, at least annually, review Inventory Items to determine whether there is surplus or outdated Inventory Items. Additional reviews made be undertaken at the discretion of the Materials Supervisor.

Surplus Inventory Items shall be disposed of in accordance with the Procurement Policy and any applicable legislation.

Application

This policy applies to (i) all Employees involved in the materials management process, including those who request that items be stocked as Inventory Items and/or request Inventory Items, (ii) the Stockroom and City salt, sand, gas and diesel fuel inventory locations; and (iii) all items received at the Stockroom and City salt, sand, gas and diesel fuel inventory locations.

This policy does not apply to the St. John's Transportation Commission (Metrobus).

Responsibilities

5.1 The Supply Chain Division is responsible for:

- a) implementing the policy and procedures;
- b) communicating the policy and procedures to appropriate Employees;
- c) supporting departments with their inventory requirements, as required, with final inventory decisions at the discretion of Supply Chain; and
