Title: 09 Water and Sewer Service Repairs and/or Renewals

Purpose

City policy on repairs and/or renewals to water and sewer.

Policy Statement

1. The City shall provide a service of repairing or replacing water and/or sewer services to owner-occupied residences. The charge for this service to the owner will be a fee as set by Council.
2. In the case where a service line merely requires the repair of a short section of this service, the City will provide all labour, materials and equipment necessary to facilitate this repair. Reinstatement done by the City shall only consist of rough grading of the property and shall not include the replacement of any structures or vegetation such as fences, walkways, driveways, steps, walls, sodding, shrubs, trees, plants, etc.
3. In the case where a service time is to be replaced, the above statement will apply except the owner shall be required to supply all materials and fittings required to facilitate the replacement of same service.
